

**REACH**  
**Declaration of conformity**

**A REACH declaration of conformity does not exist!**

The supplier has to inform the client only if he supplies a product which contains a substance of very high concern as published in the candidate list.  
No information means the product is free of such substance.

As our products do not contain such substances, we have not informed yet and do not have to inform in the near future.

Best regards

Ulrich Ziegler  
General Manager
