 EAN Code, Black: 3800238072728

Product description

Shelly Plug PM Gen3 is a compact smart plug with precise energy monitoring – without a built-in relay. It is designed for appliances where power must never be interrupted, such as refrigerators, freezers, servers, and networking equipment. The device measures up to 16 A / 3680 W (not recommended as a continuous load) with an accuracy of 95%.

Shelly Plug PM plugs directly into any standard outlet and provides continuous, intelligent energy monitoring. The integrated LED ring indicates real-time consumption using green, yellow, and red. The LED can be disabled or used as a night-light.
